## Wholecloth Sheet Instructions:

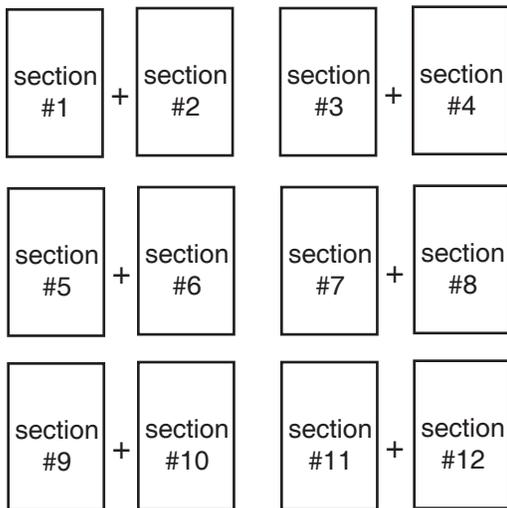

Use pages #2 through #13 to assemble the wholecloth sheet:

**NOTE:** Use the alignment dots © to assist with alignment.

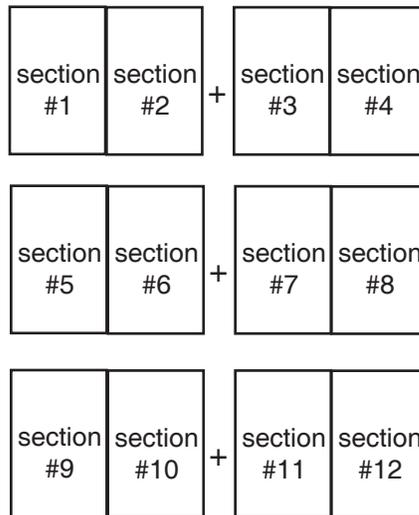

The wholecloth sheet is 1/4 of the wholecloth layout, and will have to be rotated 90 degrees to complete the quilt.

1. Cut the sheets on the dashed (- - -) lines.
2. Tape section #1 to section #2, making sure that the designs align exactly.
3. Tape the remaining sections together into pairs as illustrated below. Again, make sure that all the designs align exactly.
4. Tape the #1/#2 section pairs to the #3/#4 section pairs together in the same way as above, making sure that the motifs align exactly. Continue taping the section pairs together as illustrated below until all pairs form a row containing 4 taped sections.
5. Tape the #1/#2/#3/#4 row to the #5/#6/#7/#8 row together in the same way as above, making sure all the motifs align exactly. Continue taping the rows together as illustrated below until placement sheet is complete.
