

# Multi Page Self-Print Instructions

1. Print as many Page #1's - #4's that are needed to achieve the pantograph length you want.
2. Cut along the dotted line of one of the Page #2's, #3's and/or #4's. Repeat the process for all Page #2's, Page #3's and/or Page #4's that were printed.
3. Overlap one Page #2 on top of one Page #1, making sure to line up the design. Permanently tape or glue in place. Repeat the process for all Page #1's, and #2's that were printed.
4. Overlap one Page #3 on top of one previously joined Page #1/#2 set, making sure to line up the design. Permanently tape or glue in place. Repeat the process for all Page #3's that were printed.
5. If there is a Page #4, overlap one Page #4 on top of one previously joined Page #1/#2/#3 set, making sure to line up the design. Permanently tape or glue in place. Repeat the process for all Page #4's that were printed.

6. Overlap one #1/#2/#3/#4 set (assembled in the previous steps) on top of another, making sure to line up the design. Permanently tape or glue in place. Repeat the process for all Page #1/#2/#3/#4 sets that were printed.

NOTE: Image shown is a 3-page design
